ILNAS-EN ISO 18311:2018

Soil quality - Method for testing effects of soil contaminants on the feeding activity of soil dwelling organisms - Bait-lamina test (ISO 18311:2016)

Qualité du sol - Méthode pour tester les
effets des contaminants du sol sur
l'activité alimentaire des organismes
vivant dans le sol - Test Bait-lamina (ISO

Bodenbeschaffenheit - Verfahren zur
Prüfung der Auswirkungen von
Bodenverunreinigungen auf die
Fraßaktivität von bodenbewohnenden

National Foreword

This European Standard EN ISO 18311:2018 was adopted as Luxembourgish Standard ILNAS-EN ISO 18311:2018.

Every interested party, which is member of an organization based in Luxembourg, can participate for FREE in the development of Luxembourgish (ILNAS), European (CEN, CENELEC) and International (ISO, IEC) standards:

- Participate in the design of standards
- Foresee future developments
- Participate in technical committee meetings

NORME EUROPÉENNE
EUROPÄISCHE NORM

February 2018

ICS 13.080.30

English Version

**Soil quality - Method for testing effects of soil
contaminants on the feeding activity of soil dwelling
organisms - Bait-lamina test (ISO 18311:2016)**

Qualité du sol - Méthode pour tester les effets des
contaminants du sol sur l'activité alimentaire des
organismes vivant dans le sol - Test Bait-lamina (ISO
18311:2016)

Bodenbeschaffenheit - Verfahren zur Prüfung der
Auswirkungen von Bodenverunreinigungen auf die
Fraßaktivität von bodenbewohnenden Organismen -
Köderstreifentest (ISO 18311:2016)

This European Standard was approved by CEN on 14 February 2018.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

European foreword

The text of ISO 18311:2016 has been prepared by Technical Committee ISO/TC 190 "Soil quality" of the International Organization for Standardization (ISO) and has been taken over as EN ISO 18311:2018 by Technical Committee CEN/TC 444 "Test methods for environmental characterization of solid matrices" the secretariat of which is held by NEN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by August 2018, and conflicting national standards shall be withdrawn at the latest by August 2018.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

According to the CEN-CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

Endorsement notice

The text of ISO 18311:2016 has been approved by CEN as EN ISO 18311:2018 without any modification.
