National Foreword

This European Standard EN 603-2:1996 was adopted as Luxembourgish Standard ILNAS-EN 603-2:1996.

Every interested party, which is member of an organization based in Luxembourg, can participate for FREE in the development of Luxembourgish (ILNAS), European (CEN, CENELEC) and International (ISO, IEC) standards:

- Participate in the design of standards
- Foresee future developments
- Participate in technical committee meetings

Descriptors: aluminium products, aluminium alloys, rolled products, forgings, mechanical properties, acceptance testing, user supplier relations

English version

Aluminium and aluminium alloys - Wrought forging stock - Part 2: Mechanical properties

Aluminium et alliages d'aluminium - Produits corroyés destinés à la forge - Partie 2: Caractéristiques mécaniques

Aluminium und Aluminiumlegierungen - Stranggepreßtes oder gewalztes Schmiedevormaterial - Teil 2: Mechanische Eigenschaften

This European Standard was approved by CEN on 1996-08-16. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 132 "Aluminium and aluminium alloys", the secretariat of which is held by AFNOR.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by March 1997, and conflicting national standards shall be withdrawn at the latest by March 1997.

Within its programme of work, Technical Committee CEN/TC 132 entrusted CEN/TC 132/WG 3 "Forgings and cast and wrought forging stock" to prepare the following standard :

EN 603-2 Aluminium and aluminium alloys - Wrought forging stock - Part 2 -
Mechanical properties

This standard is part of a set of three standards. The other standards deal with :

EN 603-1 Aluminium and aluminium alloys - Wrought forging stock - Part 1 -
Technical conditions for inspection and delivery

EN 603-3 Aluminium and aluminium alloys - Wrought forging stock - Part 3 -
Tolerances on dimensions and form

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
