Nationales Vorwort

Diese Europäische Norm EN 315:2000 wurde als luxemburgische Norm ILNAS-EN 315:2000 übernommen.

Alle interessierten Personen, welche Mitglied einer luxemburgischen Organisation sind, können sich kostenlos an der Entwicklung von luxemburgischen (ILNAS), europäischen (CEN, CENELEC) und internationalen (ISO, IEC) Normen beteiligen:

- Inhalt der Normen beeinflussen und mitgestalten
- Künftige Entwicklungen vorhersehen
- An Sitzungen der technischen Komitees teilnehmen

July 2000

ICS

Supersedes EN 315:2000

English version

Plywood - Tolerances for dimensions

Contreplaqué - Tolérances sur dimensions

Sperrholz - Maßtoleranzen

This European Standard was approved by CEN on 7 July 2000.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 112 "Wood-based panels", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by January 2001, and conflicting national standards shall be withdrawn at the latest by January 2001.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

This European Standard supersedes EN 315:1993.

Compared to the version EN 315:1993 the following modifications have been made:

- a) Thickness tolerances for panels with a nominal thickness > 25 mm have been added.
