## **Water quality — Determination of cyanide — Part 2: Determination of easily liberatable cyanide**

*Qualité de l'eau — Dosage des cyanures — Partie 2: Dosage des cyanures aisément libérables*

**First edition — 1984-09-01**

---

**UDC 543.2 : 546.267**

**Ref. No. ISO 6703/2-1984 (E)**

**Descriptors :** water, quality, tests, determination, cyanides, water pollution.

## Foreword

ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). The work of preparing International Standards is normally carried out through ISO technical committees. Every member body interested in a subject for which a technical committee has been established has the right to be represented on that committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the technical committees are circulated to the member bodies for approval before their acceptance as International Standards by the ISO Council. They are approved in accordance with ISO procedures requiring at least 75 % approval by the member bodies voting.

International Standard ISO 6703/2 was prepared by Technical Committee ISO/TC 147, *Water quality*.

<b>Contents</b>	<b>Page</b>
<b>0</b> Introduction .....	<b>1</b>
<b>1</b> Scope and field of application .....	<b>1</b>
<b>2</b> Definition .....	<b>2</b>
<b>Section one: Liberation and absorption of hydrogen cyanide</b>	
<b>3</b> Principle .....	<b>3</b>
<b>4</b> Reagents .....	<b>3</b>
<b>5</b> Apparatus .....	<b>3</b>
<b>6</b> Sampling and samples .....	<b>5</b>
<b>7</b> Procedure .....	<b>5</b>
<b>Section two: Determination of cyanide ions — Photometric method with pyridine/barbituric acid</b>	
<b>8</b> Applicability .....	<b>6</b>
<b>9</b> Principle .....	<b>6</b>
<b>10</b> Reagents .....	<b>6</b>
<b>11</b> Apparatus .....	<b>6</b>
<b>12</b> Procedure .....	<b>6</b>
<b>13</b> Expression of results .....	<b>7</b>
<b>14</b> Precision .....	<b>7</b>
<b>15</b> Test report .....	<b>7</b>
<b>Section three: Determination of cyanide ions — Titrimetric method using the Tyndall effect</b>	
<b>16</b> Applicability .....	<b>8</b>
<b>17</b> Principle and reactions .....	<b>8</b>
<b>18</b> Reagents .....	<b>8</b>
<b>19</b> Apparatus .....	<b>8</b>
<b>20</b> Procedure .....	<b>9</b>
<b>21</b> Expression of results .....	<b>9</b>
<b>22</b> Precision .....	<b>9</b>
<b>23</b> Test report .....	<b>9</b>
