FOREWORD

This amendment has been prepared by IEC technical committee 61: Safety of household and similar electrical appliances.

The text of this amendment is based on the following documents:

| FDIS | Report on voting |
|--------------|------------------|
| 61/5928/FDIS | 61/5944/RVD |

Full information on the voting for the approval of this amendment can be found in the report on voting indicated in the above table.

The committee has decided that the contents of this amendment and the base publication will remain unchanged until the stability date indicated on the IEC website under "<http://webstore.iec.ch>" in the data related to the specific publication. At this date, the publication will be

- reconfirmed,
- withdrawn,
- replaced by a revised edition, or
- amended.

NOTE The attention of National Committees is drawn to the fact that equipment manufacturers and testing organizations may need a transitional period following publication of a new, amended or revised IEC publication in which to make products in accordance with the new requirements and to equip themselves for conducting new or revised tests.

It is the recommendation of the committee that the content of this publication be adopted for implementation nationally not earlier than 12 months or later than 36 months from the date of publication.

1 Scope

Replace the third dashed item in Note 105 by the following:

- drives for gates, doors and windows (IEC 60335-2-103);

7 Marking and instructions

In 7.15 replace "7.15 Modification" and the associated text by the following:

7.15 Addition:

The marking of tubular **drives** may be concealed after installation. The markings shall also be provided with the instructions. In addition, the marking relevant to name, trademark or identification mark of the manufacturer or responsible vendor and the model or type reference can also be retrieved from a label, such as a matrix barcode, visible on the appliance after installation.
