About the IEC

The International Electrotechnical Commission (IEC) is the leading global organization that prepares and publishes International Standards for all electrical, electronic and related technologies.

About IEC publications

The technical content of IEC publications is kept under constant review by the IEC. Please make sure that you have the latest edition, a corrigenda or an amendment might have been published.

- Catalogue of IEC publications: www.iec.ch/searchpub

The IEC on-line Catalogue enables you to search by a variety of criteria (reference number, text, technical committee,…). It also gives information on projects, withdrawn and replaced publications.

- IEC Just Published: www.iec.ch/online_news/justpub

Stay up to date on all new IEC publications. Just Published details twice a month all new publications released. Available on-line and also by email.

- Electropedia: www.electropedia.org

The world's leading online dictionary of electronic and electrical terms containing more than 20 000 terms and definitions in English and French, with equivalent terms in additional languages. Also known as the International Electrotechnical Vocabulary online.

- Customer Service Centre: www.iec.ch/webstore/custserv

If you wish to give us your feedback on this publication or need further assistance, please visit the Customer Service Centre FAQ or contact us:

A propos de la CEI

La Commission Electrotechnique Internationale (CEI) est la première organisation mondiale qui élabore et publie des normes internationales pour tout ce qui a trait à l'électricité, à l'électronique et aux technologies apparentées.

A propos des publications CEI

Le contenu technique des publications de la CEI est constamment revu. Veuillez vous assurer que vous possédez l'édition la plus récente, un corrigendum ou amendement peut avoir été publié.

- Catalogue des publications de la CEI: www.iec.ch/searchpub/cur_fut-f.htm

Le Catalogue en-ligne de la CEI vous permet d'effectuer des recherches en utilisant différents critères (numéro de référence, texte, comité d'études,…). Il donne aussi des informations sur les projets et les publications retirées ou remplacées.

- Just Published CEI: www.iec.ch/online_news/justpub

Restez informé sur les nouvelles publications de la CEI. Just Published détaille deux fois par mois les nouvelles publications parues. Disponible en-ligne et aussi par email.

- Electropedia: www.electropedia.org

Le premier dictionnaire en ligne au monde de termes électroniques et électriques. Il contient plus de 20 000 termes et définitions en anglais et en français, ainsi que les termes équivalents dans les langues additionnelles. Egalement appelé Vocabulaire Electrotechnique International en ligne.

- Service Clients: www.iec.ch/webstore/custserv/custserv_entry-f.htm

Si vous désirez nous donner des commentaires sur cette publication ou si vous avez des questions, visitez le FAQ du Service clients ou contactez-nous:

FOREWORD ... 7
INTRODUCTION ... 9
1 Scope ... 10
2 Normative references ... 10
3 Terms and definitions ... 10
4 General ... 12
5 Electrical specification ... 12
6 Interface power supply ... 12
7 Transmission protocol structure ... 12
  7.1 General ... 12
  7.2 Forward frame ... 12
    7.2.1 Address byte 'YAAA AAAS' ... 12
    7.2.2 Data byte 'XXXX XXXX' ... 13
  7.3 Backward frame ... 13
8 Timing ... 13
  8.1 Information bit timing ... 13
  8.2 Forward frame timing ... 14
  8.3 Backward frame timing ... 15
  8.4 Frame sequence timing ... 15
9 Method of operation ... 16
  9.1 Logarithmic dimming curve, arc power levels and accuracy ... 16
  9.2 Power-on ... 19
  9.3 Interface-failure ... 19
  9.4 Min and max level ... 19
  9.5 Fade time and fade rate ... 20
  9.6 Reaction to commands during error state ... 20
  9.7 Behaviour during lamp preheating and lamp ignition time ... 21
  9.8 Memory access and memory map ... 21
    9.8.1 Memory access commands ... 21
    9.8.2 Memory map ... 21
10 Declaration of variables ... 24
11 Definition of commands ... 25
  11.1 Arc power control commands ... 25
    11.1.1 Direct arc power control command: ... 25
    11.1.2 Indirect arc power control commands ... 26
  11.2 Configuration commands: ... 28
    11.2.1 General configuration commands: ... 28
    11.2.2 Arc power parameters settings: ... 28
    11.2.3 System parameters settings ... 30
  11.3 Query commands ... 30
    11.3.1 Queries related to status information ... 30
    11.3.2 Queries related to arc power parameter settings ... 32
    11.3.3 Queries related to system parameter settings ... 32
    11.3.4 Application extended commands ... 33
  11.4 Special Commands ... 33
